

# Always

James Arthur

Well, let me paint you a picture  
Introduce some non-fiction  
And you can watch how the truth unfolds  
And I will wait 'til the morning  
And you can tell me how nightmares  
But they don't visit you in your dreams  
And as you walk out the door  
You will tell me that I'm right  
And I will ask you, "just what for?"  
And you will tell me that tonight

That I'm the one to keep you warm  
And I will look at you and smile  
And you will tell me that I'm  
Everything  
That you wanted, that you needed  
Everything  
That you wanted, that you needed  
And you don't want me to go away  
Baby I'm here to stay  
Always  
Always

And your friends can go to hell  
If when your backs turned  
They twist the knife  
Then lesson learned  
No need to hold the burden of those  
Glances over your shoulder  
Don't you let them make you feel like you're worthless  
You're worth more than anyone I have ever met before  
And when I watch you, I'm in awe  
And I'm here to reassure

That I'm the one to keep you warm  
And I will look at you and smile  
And I will tell you that you're  
Everything  
That I wanted, that I needed  
Everything  
That I wanted, that I needed  
And I don't want you to go away  
Baby, I hope that you'll stay  
Always  
I hope you'll stay  
Always  
Well, I hope you'll stay  
Always  
And I hope you'll stay  
Always

Darling you are safe  
No need to run away  
I'll protect you, I swear  
Every single day  
I made a promise I won't break  
That I will love you everyday

With every piece of my soul  
Every inch of my heart  
And I will not forget that  
And I will not forget that

Oh, my darling you are  
Everything  
That I wanted, that I needed  
Everything  
That I wanted, that I needed  
Everything  
That you wanted, that you needed  
Everything  
That you wanted, that you needed  
And I don't you to go away  
I hope you're here to stay  
Always  
You're here to stay  
Always  
I hope you're here to stay  
Always  
Cause I'm here to stay  
Always
