

# Unconditionally

James Arthur

She said, "It's all your fault"  
I said, "It always is"  
She sang my favorite song  
But with a little twist  
Her lipstick, you collar, don't bother, angel  
I know exactly what goes on  
I know exactly what goes on

She said, "I'm walking alone this time"  
I'll be waiting all my life  
Did it ever cross your mind  
Just what you're doing?  
All you ever had to see  
Was love me unconditionally  
Oh, I won't go  
I will live till it's over  
Oh, I won't go  
Until hell freezes over  
And I'll be yours  
And you'll be my supernova  
Oh darlin', why was it so hard to see?  
Just love me unconditionally

And after all your flaws  
I still stay in this  
There's no Santa Claus  
I know it don't exist  
Her lipstick, you collar, don't bother, angel  
I know exactly what goes on  
I know exactly what goes on

She said, "I'm walking alone this time"  
I'll be waiting all my life  
Did it ever cross your mind  
Just what you're doing?  
All you ever had to see  
Was love me unconditionally  
Oh, I won't go  
I will live 'til it's over  
Oh, I won't go  
Until hell freezes over  
And I'll be yours  
I'll be your supernova  
Oh darlin', why was it so hard to see?  
Just love me unconditionally
