

Keep It Simple

James Barker Band

Got some cash in my pocket
We could hit the town and drop it
Girl here comes another Friday night
There's a bar on every block
And it's only 10 o' clock
Yeah they're linin' up to get inside

Baby we could go out
We could take it downtown
Cover bands and big crowds
Or how 'bout
We get back to basics
Cut your friends a raincheck
It ain't complicated
Naw

Let's keep it simple
Here at the house
Dance in the kitchen
Straight to kissin' on the couch
Let's pop a bottle
Let's drink it slow
Nothin' to do, nowhere to be
Nowhere to go

Yeah TV's on, nobody's watchin'
Lights on, phones off
But we could strip it down a little
Let's keep it simple
Yeah, let's keep it simple

Chill it out, lay it back
Pour some California red
Yeah I bet you will make out alright
Lose the dress and the heels
Got a t-shirt you can steal, girl
You can pull it off tonight

Baby we could go out
We could take it downtown
Buy a drink and stand around
Or how 'bout
We go big and stay home
You and me just no show
Keep it on the down low
Yeah

Let's keep it simple
Here at the house
Dance in the kitchen
Straight to kissin' on the couch
Let's pop a bottle
Let's drink it slow
Nothin' to do, nowhere to be
Nowhere to go

Yeah TV's on, nobody's watchin'

Lights on, phones off
But we could strip it down a little
Let's keep it simple
Yeah, let's keep it simple

Chill it out, lay it back
Pour some California red
Yeah I bet you will make out alright
Yeah

Let's keep it simple
Here at the house
Dance in the kitchen
Straight to kissin' on the couch
Let's pop a bottle
Let's drink it slow
Nothin' to do, nowhere to be
Nowhere to go

Yeah TV's on, nobody's watchin'
Lights on, phones off
But we could strip it down a little
Let's keep it simple
Yeah, let's keep it simple
Oh yeah, let's keep it simple
(Oh yeah, so simple girl)
