

# Throwback

James Barker Band

Got some Redbird matches and some Malboro reds  
Gonna smoke 'em, smoke 'em inside  
Got a Polaroid camera and you're pretty as a picture  
Gonna shake it, shake it all night  
So turn your phone off, roll back the clocks  
Get the D batteries in the old boombox  
This Casio watch says it's Friday night  
We got all kinds of time

We're gonna have a throwback, throwback  
Drop the needle in the way back, way back  
Dust off that 70's vinyl, 80's 8-track, 90's mixtape, rewind playback  
Lo-fi all night, up and down that FM radio dial  
Yeah we can go drivin', park it at the drive-in  
Backseat kissing just old school kickin' it  
Throwback, throwback  
We're gonna have a throwback, throwback

Girl we're bringing back class  
Pour a couple old fashions  
And we drink 'em like they're going out of style  
No 50' inch flatscreens, wi-fi, HD  
Nothing but your blue eyes  
Gonna take the Trans Am down off the blocks  
No GPS baby let's get lost  
Got a blanket in the trunk and my Reebok Pumps  
Girl, we might as well jump

We're gonna have a throwback, throwback  
Drop the needle in the way back, way back  
Dust off that 70's vinyl, 80's 8-track, 90's mixtape, rewind playback  
Lo-fi all night, up and down that FM radio dial  
Yeah we can go drivin', park it at the drive-in  
Backseat kissing just old school kickin' it  
Throwback, throwback  
We're gonna have a throwback, throwback

Girl we ain't going viral, we ain't taking no selfies  
I got your number on speed dial, you ain't got to text me

We're gonna have a throwback, throwback  
Drop the needle in the way back, way back  
Dust off that 70's vinyl, 80's 8-track, 90's mixtape, rewind playback  
Lo-fi all night, up and down that FM radio dial  
Yeah we can go drivin', park it at the drive-in  
Backseat kissing just old school kickin' it  
Throwback, throwback  
We're gonna have a throwback, throwback  
We're gonna have a throwback, throwback
