

# Glow

James Bay

Loneliness, got you down here feeling low  
When it burns on the inside, the outside gonna go  
Loneliness, when no one wants to know  
You got that all important message  
That the tension just won't show

Loneliness, you feel so far away  
Why can't everyone you love just catch a plane and come and stay  
Loneliness, when you don't know what to say  
You finally think of something, everybody's gone away

Not gonna run, no  
Not gonna hide anymore  
Not gonna show you my soul  
I'm gonna glow

Loneliness, just taking love in vain  
You know no remedy will help it, no sun can stop this rain  
Loneliness, but you gotta find a way  
And I'm gonna watch you break that silence  
Gotta find the words and  
Just forget about loneliness  
You can always find a friend  
And everybody got somebody  
With a little love to send

So what you gonna do about it?  
Tell me what you're gonna do about it

Not gonna run, no  
And I ain't gonna hide anymore  
Not gonna show you my soul  
I'm gonna glow

I'm not gonna run, not gonna hide it anymore  
I'm not gonna run, not gonna hide it anymore  
No, I'm not gonna run, not gonna hide anymore  
I'm not gonna run, not gonna hide anymore  
Not gonna go, oh yes, I'm gonna glow  
I'm gonna go, oh yeah, I'm gonna glow,  
Yeah yes

I'm not gonna run, not gonna hide it anymore  
No no, I'm not gonna run, not gonna hide anymore
