

Right Now

James Bay

Hold me
Hold me
Oh, I want to
Feel you now

Do we
Do we
Do we ever
Need to doubt?

We can do no wrong
So we must be long
Over due
A life together

When will I know
When will it be
The right time to show you
You're the only one for me?
Thought I needed a sign
Thought you needed a scene
But I look deep into your eyes
And it's obvious to me
That it's right right now
That it's right right now

See me
See me
You only see me
For who I am

You are
Oh, you are
You're outta nowhere
But you hold my hand

This is all we want
So we must be long
Over due
A life together

When will I know
When will it be
The right time to show you
You're the only one for me?
Thought I needed a sign
Thought you needed a scene
But I look deep into your eyes
And it's obvious to me
That it's right right now
That it's right right now
There can be no doubt
That it's right right now

Words on my chest I just can't bare
I want to tell you no one compares
To you

When will I know
When will it be
The right time to show you
You're the only one for me?
Thought I needed a sign
Thought you needed a scene
But I look deep into your eyes
And it's obvious to me
That it's right right now
That it's right right now
There can be no doubt
That it's right, right, right, right right now
