

# Asking To Break

James Blake

Asking to break

Asking to break

Asking to break

Asking to break  
All this time  
So go ahead  
We'll be just fine

Asking to break  
All this time  
So go ahead  
So go ahead

True love lets you break  
True love lets you break  
And stays around  
Stays around

True love lets you break  
True love lets you break  
And stays around

Asking to break

Asking to break

So go ahead  
So go ahead
