

# Enough Thunder

James Blake

Maybe there's enough thunder  
Tell me are you with me?  
Cause none of us are telling the truth  
Tell me are you with me?

None of us are crying no  
We can hope for heartbreak now  
None of us are crying  
So we can hope for heartbreak now  
We can hope for our sake now  
No one pulls out here

So it's provoking heartbreak oh  
No one pulls out here  
So it's provoking heartbreak oh,  
No one pulls out here

Maybe there's enough thunder  
Tell me are you with me?  
Oh, tell me are you with me?  
Cause none of us are telling the truth  
Oh, tell me are you with me?  
Oh, tell me are you with me?  
Oh, tell me are you with me?

None of us are crying  
We can hope for heartbreak now  
And none of us are crying  
So we can hope for heartbreak now  
Oh, we can hope for our sake now  
No one pulls out here  
So it's provoking heartbreak  
Oh, no one pulls out here

And none of us are crying  
We can hope for heartbreak now  
And none of us are crying  
Oh, we can hope for heartbreak now  
Oh, we can hope for heartbreak now  
Oh, we can hope for heartbreak now  
We can hope for heartbreak now  
We can hope for heartbreak now  
We can hope for heartbreak now
