

## Feel It Again

James Blake

You can't stand the wind and the rain  
But you'll feel it again  
We wait for someone beautiful  
To help us feel it again  
And for now you're not alone  
But you'll be there again  
Did I come all the way over here  
Just to be your friend?

And there's only so much time you can spend  
On the other side of the glass  
And you say take a look around  
Oh, the end is coming up fast

It's your last chance  
Your last chance  
It's your last chance  
Your last chance  
To feel it again
