

# I Keep Calling

James Blake

I keep calling your heart  
Oh, let it ring  
If I'm falling too hard  
I just wanna take part  
In anything you do  
You caught me off guard

I keep calling her heart  
Keep calling her heart  
Keep calling her heart  
Keep calling her heart

See my name  
I know you see my name  
And you let it ring all day  
Easier to downplay  
Leave the cut this way  
To the ocean spray  
I've been calling  
I've been calling  
Calling  
I've been calling  
I've been calling  
I've been calling  
I've been calling

I keep calling your heart  
Oh, let it ring  
If I'm falling too hard  
I just wanna take part  
In anything you do  
You caught me off guard

I keep calling her heart  
I keep calling her heart  
I keep calling her heart  
Keep calling her heart
