

# Life Is Not The Same

James Blake

(Daytrip took it to 10, hey)

I played the ones you know  
I took you all the way  
That was yesterday  
I wore your favorite clothes  
I said the things you'd say  
That was yesterday

So if you loved me so much  
Why'd you go?  
Keep yourself back  
Keep on lying on  
I can only breathe in  
Well I

Dive in  
Smiling

Life is not the same if we're miles away  
I was your champion, I did everything your way

We both swam out to sea  
You lost me willingly  
But that was yesterday (That was yesterday)  
You knew it would get dark  
You made sure I would need you in every way

So if you loved me so much  
Why'd you go?  
Keep yourself back  
Keep on lying on  
I could only breathe in  
Well I

Dive in  
Smiling

Life is not the same if we're miles away  
I was your champion, I did everything your way  
Life is not the same if we're miles away  
I was your champion, I did everything to help you stay
