```
Timeless, timeless
Timeless, timeless
```

```
I can't be selfless
I'm acting my age
```

You know you slide out when you slide in with graceful shadow You know you slide out when you slide in with graceful shadow

Timeless Timeless

Timeless

```
You know you slide out when you slide in You know you slide out when you slide in You know you slide out when you slide in You know you slide out when you slide in
```

Timeless Timeless
