

# Bring It On

James Brown

One, two, three!  
WAAAAOOW!

The way you're built turns me on  
The way you love, it makes me strong  
Just one time to be with you  
There's nothing better I'd like to do  
You make my soul go free  
You know what to do, you have set me

You say all women are made alike  
But that's not true, 'cause here's the fact  
You make my heart go ting-a-ling  
You're so bad, you've got your own thing  
Ha, I said...

Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Wait a minute!

When we get on the floor and dance  
Everybody likes to see you prance  
It's about you, 'cause you're clean  
Especially when you put on those flashy jeans  
Huh... you don't need no fame to claim  
If I hadn't to wait, I'll put cha in the Hall of Fame  
You're so tough, said:

Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Hey, hit me!

Cut your funk  
Cut your funk, ah  
Cut your funk, ah  
Cut your funk  
AAAAH, haow! Uh!  
Ah, hey-yah

They say all women are made alike  
But that's not true, 'cause here's the fact  
You make my heart go ting-a-ling-a-ling!  
You're so bad, you've got your own thing  
When we get all on the floor and dance  
Everybody likes to see you prance, hah

It's about you, plus you're clean  
Especially when you wear those flashy jeans  
Everybody follow me!

Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)

Look here, lady! I'm talkin' to you, over there  
(Bring it on, bring it on, bring it on)  
Aha, all right  
(Bring it on, bring it on, bring it on)  
The one with the glossy lips, huh  
(Bring it on, bring it on, bring it on)  
Huh, that's alright, I'll say it again:  
(Bring it on, bring it on, bring it on)  
The one over there with the glossy lips, ha  
(Bring it on, bring it on, bring it on)  
Ah, dig it!  
(Bring it on, bring it on, bring it on)  
The one over there with your curvy hips  
(Bring it on, bring it on, bring it on)  
You're black like figure eight, ha [?]  
(Bring it on, bring it on, bring it on)

Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
HEY!

Cut your funk  
Cut your funk  
Cut your funk  
Hold the Wagner [?]

AHH! Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on)  
Bring it on, bring it on, bring it on  
(Bring it on, bring it on, bring it on...)
