

## Brother Rap

James Brown

Yeah, yeah, huh, yeah, yeah

Baby, here I come

Baby, here I come

Baby, baby, baby, baby

Baby, baby, baby, yeah

Baby, here I come

Baby, here I come, hey

Baby, here I come

I want you, good God, to sit down

Put your hand across your lap

Get yourself together

I'm ready

I, I'm ready, hey

Sit down, baby

And put your hand, your hand across your lap

Good God, let me sit down, looka here

And listen to my rap

I wanna write, good God, the Soul Book

Good God, feel so good

Baby, baby, ha, I wanna cook, hey

Baby, yeah

Baby, baby, baby, ha

Now, baby, looka here

I wanna tell you 'bout the book

I wanna cook, good God

Get down in the pot

I said my body getting hot, yeah

I don't have a whole, a whole lot left, good God

But I can do my thing, good God

Get back, with my bad self, good Good

Now, baby, sit down, sit down, looka here

Lay your hands across your lap

Baby, hey, baby, get ready, listen to me

The brother got the rap

I want the band, the band to take me to the bridge

Take me, take me to the bridge...

Hey, take me now

Got to, got to, got to...

Hey, hey, hey

I wanna cook, ow

Baby, good God

Hey, Lord, Lord, Lord, Lord, Lord, Lord...
