

Can't Git Enuf

James Brown

Get up, two times!
Get up, two times!
Get up, two times! Get up
Get up, get up (two times!)
Get up (get on up!)

I go through changes
Every time you leave my side, I lose my mind
You may find a stranger
Following you everywhere you go, all the time

I was told you're hard to hold
Baby, if that's true
Don't you know I won't let go
I got you
Huh, baby, you're the one
To make me feel like this
Every night you treat me right
I can't resist your kiss

(Oooh, your love) Hey, good God!
(Can't get enough) I can't get enough, baby
(Oooh, your love) Like this
(Can't get enough)

Baby, I need you, baby, baby
Something about you baby, hey

Girl, it don't phase me
When another woman walks on by, I don't turn my head
'Cause you have made me
Addicted to your love, I want nothing else instead

I was told you're hard to hold
Baby, if that's true
Don't you know I won't let go
I got you
Huh, baby, you're the one
To make me feel like this
Every night you treat me right
I can't resist your kiss

(Oooh, your love) Hey, good God!
(Can't get enough) I can't get enough, baby
(Oooh, your love) Like this
(Can't get enough)

Bring it down, hit me! Huh!
(Get enough, get enough, get enough, get enough)
Two times!
Get up, two times!
Get up, two times! Get up
Get up, get up (two times!)
Get up (get on up!)
Bass... give it up
(You want a lover, you wanna be my lover
But baby you can't, only Mr. Brown)

Down, di-di-down, di-down, di-down
Di-di-di-di-down, di-di-down, di-down
