

# If You Want Me

James Brown

If you want me, you won't hurt me  
If you want me, you won't hurt me  
If you want me, you won't hurt me, oh  
You, if you, if you want me

I know that someday you'll be true  
Stop going 'round doing things that you do  
If you want me, you won't hurt me  
If you, if you, if you want me

If you want me  
Ohh, you want me  
Ohh, you want me
