

Let's Unite The Whole World At Christmas

James Brown

If a bell could ring
And make the whole world sing
I wish you'd understand
This happiness is at hand

If a carol could rhyme
And make the darkness shine
Let's celebrate with a chime
And let the whole world unite at Christmastime

Now, lookit here
I can see the point of having a real swinging joint
With plenty of happy faces filling the air

Can we learn to love
So we don't have to worry
No hate
All good for all sisters and brothers

If a bell could ring
And make the whole world sing
Let's unite the whole world at Christmastime

I can see the point of having a real swinging joint
With plenty of happy faces filling the air

But look
Can we learn to love
So we don't have to worry
No hate
All good for all sisters and brothers

If a bell could ring
And make the whole world sing
Let's unite the whole wide world at Christmastime

If a bell could ring
Let the whole wide world sing
If a bell could ring...
