

# She's the One

James Brown

Everybody, body wants to know  
Why I love her so  
Listen to me, please, and I will tell you why  
And I'll feel this way until the day I die

Because she's, alright now, listen to me now  
Do you hear me? Hey hey hey hey  
Alright now, it makes me feel good  
And I will always do the things I should

I never stay out late at night  
All because, because I have no right  
She treats me like a baby, here's a catch you'll know  
That I'll never, never, never, never never let her go  
Sweetest little thing, you know I wouldn't lie  
She makes me wanna break down, break right down and cry

Because now she's the one, that makes me feel good  
She's the one, hear me now, that makes me feel good, good God  
She's the one that makes me feel good  
And I will always do the things I should

OH, I never, never stay out late at night  
All, because I have no right  
She treats me like a baby, here's a catch you'll know  
That I'll never, never, never, never never let her go  
Sweetest little thing, you know I wouldn't lie  
She makes me wanna break down, break right down and cry

Because she's the one, that makes me, you hear me now  
She's, hey hey hey hey, OW  
She's the one that makes me feel good  
And I will always do the things I should  
Because she's the one, that makes me feel good  
She's the one that makes me, hey hey hey hey  
She's the one that makes me feel good  
And I will always do the things, HEY  
She's the one that makes me feel good  
She's the one, hey hey hey hey, OW  
She's the one that makes me feel good  
And I will always do the things I, HEY  
She's the one that makes me feel good  
She's the one that makes me feel good, good God
