

# Sometime

James Brown

Sometime (Sometime), sometime I love you a little too much  
And I know it  
Sometime (Sometime), sometime I don't believe you would lie to  
me  
Sometime (Sometime), sometime I feel I gotta meet you on the da  
rk end of the street  
Sometime (Sometime), sometime I pressure too much

I told you, you made me love you  
I told you, you made me love you  
Oh darlin', oh darlin', I told you you made me love you  
Sometime it hurt so bad  
I told you, you made me need you  
I told you, I'd never deceive you  
Sometime, sometime, I wonder why you made me love you

Oh, you know I love you, you know you know I love you  
You know I love you, oh my darlin' you know I care  
Darlin', oh darlin', you know I told you you made me love you  
Oh no, play it Eddie now

(You know I love you) Sometime  
(You know I love you) Sometime  
Sometime

You know, you know I love you, you know I love you  
You know I love you, oh my darlin', you know I care  
But sometime, sometime I hurt myself  
'Cause you made me love you  
Now fellas, put it over there, put it there now  
Sometime, sometime I just can't understand myself  
Sometime, sometime I don't know what come over me
