

Static (Pts. 1 & 2)

James Brown

Can we get busy? ('Til we're dizzy!)
Can we do this? (Like Brutus!)
Take off this echo? (God!)
Gimme some static! (You got it!)
Hit me! Huh, say it! (You got it!)

Static! (No!)
Static! (No!)
Won't be no static (No!)
Don't start none, won't be none!
Static! (No static)
Static! (No static)
Won't be no static (No static)
Don't start none, won't be none

When I was younger, there used to be
Huh, troublemakers, they don't bother me
No need to hide, I'll get right to the point
Let everybody know: Godfather's running the joint

Static! (No!)
Static! (No!)
Won't be no static (No!)
Don't start none, won't be none!

Now do it! Keep it up! Yeeaaoooow!
Feeling ostentatiously chill
Just about to begin, rrrrah!
And where are we? In the place to be

Huh, static! (No!)
Static! (No!)
Won't be no static (No!)
Don't start none, won't be none!
Static! (No static)
Static! (No static)
Won't be no static (No static)
Don't start none, won't be none

Don't start no static, huh, there won't be none
Then I won't have to put you on the run
Coldblooded, don't make me laugh!
With Mr. Dynamite, baby you gotta have...

Static! (No!)
Static! (No!)
Won't be no static (No!)
Don't start none, won't be none!
Static! (No static)
Static! (No static)
Won't be no static (No static)
Don't start none, won't be none

Hit it! Good God, uh, yay-yeas, ah
Feeling ostentatiously chill
Right here, yaw!
I need it, yaaaow! Huh-huh

I need the speed

Listen here, listen here, listen here!
We gone drop the music
And let the static roll on by itself
You hear me? (Yes!)
Because the groove is so great
I don't wanna change nothin' (you got it!)
Let it roll, man!
Huh, one, two, three...

Static! (No!)
Static! (No!)
Won't be no static (No!)
Don't start none, won't be none!
Static! (No static)
Static! (No static)
Static! (No static)
Don't start none, won't be none
