

# Strangers In The Night

James Brown

Strangers in the night, exchanging glances  
Wondering in the night what were the chances  
We'd be sharing love before the night was through

Something in your eyes was so inviting  
Something in your smile was so exciting  
Something in my heart told me I must have you

Strangers in the night to a lonely people world  
Strangers in the night up to the moment  
When we said our first hello, how little did we know  
Love was just a glance away, a warm embrace's a dance away

Ever since that night we've been together  
Lovers at first sight in love forever  
It turned out so right for we were strangers in the night

Strangers in the night to lonely people world  
Strangers in the night up to the moment  
When we said our first hello, how little did we know  
Love was just a glance away, a warm embrace's a dance away

Ever since that night we've been together  
Lovers at first sight in love forever  
It turned out so right for we were strangers in the night  
We were strangers in the night

Didn't even know my name  
Don't even, don't even know my name  
I gotta have you just the same  
I gotta have you, I gotta have you just the same
