

## Showyourface

James Cole

In th shadows  
Where the lie  
I'm dreaming  
About animal eyes  
And all the spirits  
In my mind  
I'm trying to find  
The one inside

I wanna see you dancing  
I wanna také control  
I wanna se you naked  
I wanna se your bones  
I wanna heal my body  
I wanna heal my soul

You have no right to be here  
Now close the fucking door

Lock them out and bar the door  
Lock them out forevermore  
Nook and cranny, window, door  
Seal them out forevermore
