

Golden State

James Durbin

I'm hours forward but days behind
A thunder stricken state of mind
These wifi codes and check out times
See, I've lost all track of county lines
When the sky's ablaze and it catches my eyes
To whom I owe this here surprise?
It's another dream and I can't decide
Do I need a call, need a hand or need to realize?

That I'm on my way
Can I catch a ride?
To the golden state
Or a golden state of mind
I think I'll find

Where the West coast winds that breathe my name
It's like I've heard a voice and I've gone insane
Won't you take me back to memory lane
Cuz the days of new don't feel the same way
I said the days of new don't feel the same

Yeah I'm on my way
Can I catch a ride?
To the golden state
Or a golden state of mind
I think I'll find
I'll be alright
Only time
Here in a golden state of mind

I'm on my way
Can I catch a ride?
To the golden state
Or a golden state of mind
I'm on my way
Can I catch a ride?
To the golden state
Or a golden state of mind
I think I'll find
I'll be alright
Only time
Here in a golden state of mind
A golden state of mind
