

# Bounce Back

James Fortune & FIYA

I can't be stopped  
I keep on rising  
The greater my struggle  
I just keep dancing  
I won't stay down  
Don't think it's over  
After every attempt  
I bounce back

After everything that I've been through  
After everything I've seen  
I can only say it's amazing  
You keep looking out for me  
I can never ever explain it  
How I keep recovering  
But I know whenever I feel weak  
Your strength is right for me  
I cried some nights  
I wondered why  
But I bounce back  
You counted me out  
Like 1, 2, 3  
Now I'm back

The harder you throw  
Me to the ground  
I bounce back up  
Can't keep me down  
God lives in me  
So I can't be stopped  
You thought I was finished  
But I'm back on top

My haters tried to destroy me  
Tried to make me lose my mind  
I know it's got to be so confusing  
That I'm back and doing fine  
Every time you think that I'm finished  
Look who pops back up again  
I know you thought that life would divide me  
But I'm right back in the game  
But the more I go through  
Keeps me focused on you  
But I bounce back  
You counted me out  
Like 1, 2, 3  
Now I'm back

I can't be stopped  
I keep on rising  
The greater my struggle  
I just keep dancing  
I won't stay down  
Don't think it's over  
After every attempt  
I bounce back

I just can't give up  
I keep on rising  
I will bounce back  
Nothing can stop me  
Your love surrounds me  
I will bounce back  
And now I'm stronger  
I'm a survivor  
I will bounce back  
You saw me stumble  
But it's not over  
I will bounce back  
  
I will bounce back [x3]
