

I Need Your Glory

James Fortune & FIYA

I need your Glory
I want your Glory
Less of me and more of you is what I need
Show me your Glory
Show me your power
Less of me and more of you is what I need

So many times I tried my way
But all of the pain didn't go away
I realize that only you
Can give me this love that is so true

I need your Glory
I want your Glory
Less of me and more of you is what I need
Show me your Glory
Show me your power
Less of me and more of you is what I need

So many times I tried my way
All of the pain didn't go away
I realize that only you
Can give me this love that is so true

I need your Glory
I want your Glory
Less of me and more of you is what I need
Show me your Glory
Show me your power
Less of me and more of you is what I need

I need Your Glory
I want Your Glory

I need your Glory
I want your Glory
Less of me and more of you is what I need
Show me your Glory
Show me your power
Less of me and more of you is what I need

I will do anything
I'll do anything
For more of you

I will do anything
I'll do anything
