

If You Want To

James Fortune & FIYA

You can dance if you want to
Lift your hands if you want to
You can shout if you want to
Just get real loud if you want to
You can sing if you want to
It's all good if you want to
Clap your hands if you want to
It's your chance what you gon' do

You can dance if you want to
Lift your hands if you want to
You can shout if you want to
Just get real loud if you want to
You can sing if you want to
It's all good if you want to
Clap your hands if you want to
It's your chance what you gon' do

Can't nobody else praise for ya
Gods made too many ways for ya
Now it's time to let the praise flow
Everybody to the dance floor
You can do what you wanna do
Just as long as you let the spirit move you
Nobody watching everybody praising
Hands up high gonna keep the party jumping

You can dance if you want to
Lift your hands if you want to
You can shout if you want to
Just get real loud if you want to
You can sing if you want to
It's all good if you want to
Clap your hands if you want to
It's your chance what you gon' do

You don't have to wait
Today is the day
That you can get your praise
Get your praise up in here
Lift up your hands
Everybody let go, do your dance

Lift up your hands and do your dance
Lift up your hands and do your dance
Lift up my hands and do my dance
Everyone, everyone

Lift up your hands and do your dance
Lift up your hands and do your dance
Lift up my hands and do my dance
Everyone, everyone

Lift up your hands and do your dance
Lift up your hands and do your dance
All I wanna lift up my hands and do my dance
Everyone, everyone

Lift up your hands and do your dance
Lift up your hands and do your dance
Lift up my hands and do my dance
Everyone, everyone
