

The Greatest

James Fortune & FIYA

God you are
Lord of all
You're simply the greatest to me
The things you do
No one can do
It was only you
You have made my life brand new
God you took away my wrong
And mistakes from my past

You are the greatest
You're simply amazing
God how your love has captured me
You withheld your judgement
And showed me mercy
God I'm so glad for another chance

You are the greatest

God you know
Everything about me
And I'm so glad
That you still choose me
Your greatness I can see
God you took away my wrongs
And the mistakes from my past

You are the greatest
You're simply amazing
God how your love has captured me
You withheld your judgement
And showed me mercy
God I'm so glad for another chance

You are
You are
God you're great, you do great things.
