

Cruisin' Down the Highway

James Gang

Cruising down the highway
In my fine machine
Lead pipes really singing
The enging sounds real mine

The sound is a gas
Sound is a gas

I can hardly wait
To hear that big V-8
ooo I can hardly wait
Yeah yeah yeah

Feelin the car's attraction
Put it into gear
My slicks are burning rubber
I'm really gone from here
Steel's doing 90
I'm truckin' like a train

Move over passing lane

I can hardly wait
To hear that big V-8
I can hardly wait
Yeah yeah yeah
