

## Live My Life Again

James Gang

If you find me late this mornin'  
Could be the night went on too long  
And if my sleep was tossed and broken  
Must not have slept where I belong

Ah...

And when the next day's sun is rising  
And reason substitutes for pain  
I will finally find my way home  
To start to live my life again

Ah...

Live my life again

Ah...

Live my life again

Ah...

Live my life again

Ah...

Live my life again

Ah...

Live my life again

Ah...

Live my life again

Ah...

Live my life again

Ah...

Live my life again
