

High Five

James Hersey

20k down
Low loads on my sound
Cloud and three thousand
Five hundred and counting
Who like my page
Like my mixtape
Like my whole vibe and
Like this next line cause I'm
Finally gonna be going out
On the road
And I'm hoping that most of you
Come out to the shows, so
I'll keep you posted when-
Ever I can if you just
Come out and dance with us
Me and the band

High Five
Yea
High Five
Me and the band
High Five
Yea
High Five
Me and the band, hah

20k 1, 3
This year's at my speed
I got a whole bag of
New tricks up my sleeve
Tracks for days, I got
Hits like Shades of Grey hot
Shots on us tonight baby
It's a new day
I got this feeling now
It came to get me
It's like a lightning bolt
Now I'm electric
It's flowing through my veins
I'm addicted to it
It's that monster game
Me and the crew

High Five
Yea
High Five
Me and the crew
High Five
Yea
High Five
Me and the crew, hah

Me and the crew, hah
High Five
Me and the crew
High Five
High Five
