

Lately

James Hersey

She said lately
I've got the feeling you're changing
Something about you's gone cold
But you say that I'm the one
Well maybe
You just want a boy to go crazy
Every time that you go out
But jealousy's not my gun

Come on baby
You are the one that saves me
You take me out my faded
Reality and change me, lately

All I think about is you
No matter what I do
I think of what you do to me
Lately

I'd give it all up if I need to
Nothing feels the same
If I don't wake up and see you
Put your hands on me
Let me give you what you need
I can't stay away
Cause I know that you can't sleep

Come on baby
You are the one that saves me
You take me out my faded
Reality and change me, lately

All I think about is you
No matter what I do
I think of what you do to me
Lately

All I think about is you (lately)
All I think about is you (lately)

Every night I feel your touch
Baby take your time
I can't ever get enough of you, no
Honestly you shoulda known
From the way I tried that you're
You're always on my mind, lately

All I think about is you
No matter what I do
I think of what you do to me
Lately

All I think about is you (lately)
All I think about is you (lately)
