

## Speed Of Love

James Iha

In the night, there's danger in the air  
Caution's in the wind  
But me I don't care  
When you told  
I'll be calling for you  
Don't know what you are and what you could do

But I'm traveling at the speed of love  
Sooner or later I'll be crashing  
But I don't know what I'm thinking of  
All the lights around me are flashing

In the night, don't know what I feel  
You say hold on, nothing is for real  
I feel a change and I'm calling for you  
Don't know what you are and what you could do

But I'm traveling at the speed of love  
Sooner or later I'll be crashing  
But I don't know what you're dreaming of  
And all the lights around me are flashing  
And all the blood inside me is rushing  
And all the cars outside are crashing

Whatever you say is true  
Well I drifted in, in the shadows  
It gets so light with you

Traveling at the speed of love  
And all the lights around us are flashing  
Yes we're traveling at the speed of love  
And sooner or later we'll be crashing  
Yes we're traveling at the speed of love  
Sooner or later we'll be crashing  
Yes we're traveling at the speed of love

Traveling at the speed of love
