

# Call on Me

James Ingram

Call on me girl if you need it  
Call on me girl if you need it

When the moon is instigatin'  
The thought of candlelight and cold champagne  
And all night long the music layin'  
And the heat is driving you insane  
Look my way, there will be no more sleepless nights  
Don't you know, I'll make every little thing all right  
All you've got to do is just

Call on me girl if you need it  
Call on me girl if you mean it  
'Cause if you really want it you know  
You can call on me without a doubt

Honey why resist the passion  
When you need to wet your appetite  
Burnin' flames of your desire  
Indicates to me the time is right  
Baby fly with me to lover's paradise  
Come and go where all your dreams will come to life  
It's easy as one, two, three  
All you have to do is call on me

Call on me girl if you need it  
Call on me girl if you mean it  
'Cause if you really want it you know  
You can call on me without a doubt

Call on me baby  
(You can call my number)

Cause anytime of night or day  
Call me baby  
Anytime I'll be there  
I'll be there  
Whenever you need

Call on me girl if you need it  
Call on me girl if you mean it  
'Cause if you really want it you know  
You can call on me without a doubt

(You can call my number)  
I'll be there, call  
Oh baby I'll be there

You can call my number  
It's 650-0695
