

# Everything Must Change

James Ingram

Everything must change  
Nothing stays the same  
Everyone will change  
No one stays the same

The young become the old  
And mysteries do unfold  
'Cause that's the way of time  
Nothing and no one goes unchanged

There are not many things in life  
You can be sure of, except

Rain comes from the clouds  
Sun lights up the sky  
And hummingbirds do fly

Winter turns to spring  
A wounded heart will heal, oh yeah, it will heal  
But never much too soon  
Yes, everything and everyone will change

There are not many things in life  
You can be sure of, oh no, no, no

Rain comes from the clouds  
Sun lights up the sky  
Hummingbirds they do flap  
Their wings and go by by, oh fly

Rain comes from the clouds  
Sun lights up the sky  
And hummingbirds they do fly

Rain comes from the clouds  
Sun lights up the sky  
Hummingbirds, hummingbirds they do fly

But everything must change  
Nothing stays the same  
No, no, no, no, no, no, no  
Nothing stays the same  
Oh, except rain

Rain comes from the clouds
