

You're in front of camera  
Showing your pretty face  
From Paris to Australia  
You travel from place to place  
I'm climbing a wall  
Waiting for your call  
I don't hear from you at all  
You're busy each day  
Then you're taken away  
What am I to do

Lately I can't reach you at night  
Honey, you're on my mind  
(Who's on your mind)  
I can feel you drifting from me  
Somebody's taking my time  
(Who's on your mind)  
Lately I can't reach you at night  
Honey, you're on my mind  
(Thinking about you)  
I can feel you drifting from me  
Somebody's taking my time

I can still remember  
All of the promises we made  
And in my mind I wonder, love  
Is the vision about to fade, oh  
I stand and stare  
At your smile everywhere  
But at home I play solitaire  
I'm standing in line  
And I'm losing my mind  
What am I to do

Lately I can't reach you at night  
Honey, you're on my mind  
(Who's on your mind)  
I can feel you drifting from me  
Somebody's taking my time  
(Who's on your mind)  
Lately I can't reach you at night  
Honey, you're on my mind  
(Thinking about you)  
I can feel you drifting from me  
Somebody's taking my time

Love is running away  
Girl, it's running away  
Lately somebody's taking you away  
I'm missing you each and every day  
(I'm thinking about you)  
I get lonely in the night time  
I'm just waiting for the right time  
To hold you  
Don't know which way to turn  
Girl, I'd give everything I own  
Just to have you, baby

Lately somebody's takin'  
Somebody's takin'  
Somebody's takin' my time  
Lately somebody's  
Somebody's  
Somebody's takin' my time  
Lately somebody's  
(I wanna know what's going on)  
Somebody's  
Somebody's takin' my time
