

Say Hey

James Ingram

- Who is it
- It's me, let me in
- Who
- It's me, [?] man
- Oh, come on in, what's up
- Say the world is changin'

Same place
Same thang
Same way

You know my name
Is Israel

My fathers
They've been here
Before me

I hear the jungle bird
He sings his song
And history tells me

Sing bird... Noel, Noel

Say
Say hey (hey)
This world is changin', movin'
And it's movin' fast
Hey
It needs some rearrangin'
Let's pull together
If we want this world to last
(If we want this world to last)

Heaven on earth to all
Hell knows to her just who will fall
Like hieroglyphics on the wall
I still can hear the jungle bird
He's callin' out
Oh... yhwh

Sing on bird... Noel, Noel

Say hey (say hey)
This world is changin'
And it's movin' fast
Hey
It needs some rearrangin'
Let's pull together
If we want this world to last

Save the babies
Say world, movin' fast
Rearrange to last
Say world, movin' fast
Rearrange to last

Say hey
This world is changin'
And it's movin' fast
Hey
It needs some rearrangin'
Let's pull together
If we want this world to last

Say hey
This world is changin'
And it's movin' fast
Hey
It needs some rearrangin'
Let's pull together
If we want this world to last
