

# Dianna

James LaBrie

I've spent some time  
In and out of the rain  
It was beautiful  
The way you walked into my life

Now  
That my love is yours  
you're oh, so far away  
But I need you here  
To feel you by my side

Dianna  
Will hold you in my arms again?  
Dianna  
What am I going to do?  
I want to make love to you  
Dianna

I've dreamed of nights  
With our hearts left unchained  
I'd be with you  
Even though we were apart

And now that my love is yours  
You're oh, so far away  
But need you here  
To feel you by my side

Dianna  
Will hold you in my arms again?  
Dianna  
What am I going to do?  
I want to make love to you  
Dianna

I know we'll be together  
Love can stand the best of time  
Forever

The victory's so sweet  
The world would kneel at my feet  
I can hardly wait  
'Till we're together

Dianna  
Will hold you in my arms again?  
Dianna  
What am I going to do?  
I want to make love to you  
Dianna
