

In Between

James Marriott

It's out of the question
It's over the line
To not be phased
To just be fine
And all that's below
A look so benign
That can't be seen
Or be mine

I just want to be like you
Oh it seems so sweet
How nice it sounds
To have your guard down
And nothing in between
I just want to be with you
I don't feel discreet
So let's skip this town
We can roam around
And float from scene to scene

It's the best it's ever been
As the stress settles in
And forms its lines upon my skin
Made a promise that I can't keep
If the price is that steep
Cause I can't rest if I can't sleep

I just want to be like you
Oh it seems so sweet
How nice it sounds
To have your guard down
And nothing in between
I just want to be with you
I don't feel discreet
So let's skip this town
We can roam around
And float from scene to scene

Oh
Do I know you?
Oh

Oh
Do I know you?
Oh

I know I can't be like you
Though it seems so sweet
How nice it sounds
To have your guard down
And nothing in between
I know I can't be with you
I don't feel discreet
If we skip this town
We can roam around
And float from scene to scene
