

# Civilized Man

James Marsters

There are walls just to get to you  
You can hit me if you don't mind black and blue  
You set me up  
Not gonna fall  
Run away

Went to sleep a long time ago  
Several years since I hurt anybody  
Don't wake me up  
Let me sleep  
Won't do you no good

Just keep to myself  
Yeah yeah yeah  
Nobody want a part of this time

It's hard to be a civilized man  
Times I wanna be just what I am  
Who catch yourself  
Wanna wind up in jail  
Better smile and watch football

Civilized man  
I ain't no civilized man  
Civilized man  
Wasn't born to be a civilized man

That's it, I ain't got no more to say
