

All Day

James Maslow

Baby I could do this
All day, all day, all day

I love it when you text me sexy pictures
And tell me what you want me to do witcha
I'm coming over, I'm coming over, I'm coming over
Let me show you just how much I miss ya

You've been running through my mind all day
And I've been wondering, wondering, wondering
Are we gonna do is all day
Cuz baby I could do this all day, all day, all day

I've been waitin' for you baby
All day, all day, all day
I've been missing you like crazy
All day, all day, all day
Ain't enough to just call you
Tell me where you at and I'll come through
If I had it my way
Baby I could do this all day, all day, all day

I got nothing on under your T-shirt
I know you love the way I love to tease ya
So baby come over, baby come over, baby come over
Hurry up cause I can't wait to see ya

You've been running through my mind all day
And I've been wondering, wondering, wondering
Are we gonna do is all day
Cuz baby I could do this all day, all day, all day

I've been waitin' for you baby
All day, all day, all day
I've been missing you like crazy
All day, all day, all day
Ain't enough to just call you
Tell me where you at and I'll come through
If I had it my way
Baby I could do this all day, all day, all day

When I'm with you
You, you, you, you
Nothing else matters
When you're with me
Me, me, me, me
We could do this for hours

When I'm with you
You, you, you, you
Nothing else matters
When you're with me
Me, me, me, me
We could do this for hours

A rebel, you make me a sinner

You've been running through my mind all day
And I've been wondering, wondering, wondering
Are we gonna do is all day
Cuz baby I could do this all day, all day, all day

I've been waitin' for you baby
All day, all day, all day
I've been missing you like crazy
All day, all day, all day
Ain't enough to just call you
Tell me where you at and I'll come through
If I had it my way
Baby I could do this all day, all day, all day
Baby I could do this all day, all day, all day
Baby I could do this all day, all day, all day
