

# Cry

James Maslow

Let it go  
The anger in your eyes  
Stop crying  
Let it go, ooh  
Lord I know  
She's doing all she can  
And I can't let it show  
It'd break her heart

Who are you to leave me stranded here?  
Who are you to fill me up with fear?  
Who are you?  
I scream but you don't hear me  
Why? Ooh...

Now I just wanna cry  
Yeah I just wanna cry  
Nothing I haven't tried  
Now I just wanna cry  
Darling let me cry

Baby steps  
It's overwhelming  
But you got this  
Take a breath, oh oh  
On your own  
It's never felt so good  
Baby you're not alone  
Look in your heart

Who are you to leave me stranded here?  
Who are you to fill me up with fear?  
Who are you?  
I scream but you don't hear me  
Why? Ooh...

Now I just wanna cry  
Yeah I just wanna cry  
Nothing I haven't tried  
Now I just wanna cry  
Darling let me cry

Let me cry  
Wont you let me cry...

I just wanna cry  
Oh, darling I just wanna cry  
Nothing I haven't tried  
Now I just wanna cry  
Darling let me cry  
Oh... yeah  
Darling let me cry
