

Fairy Tail

James Maslow

She walks around, like she got nothing to lose
A pretty girl like that, with nothing to prove
And I see, she looking right at me, yeah
She's like an angel running round in the skies
Thought I was dreamin' but I opened my eyes
Fantasy, became reality, oh

My baby makes me feel like I've been livin' in a fairy tail
The way she dresses with that pony tail
I must've died, and gone to heaven, hell
That sexy thing has got me in her spell
And I still can't believe that I've been sleeping with a fairy
tail

A fairy tail, like you ain't seen it before
A Cinderella beauty right from the start
Oh, she is real as real can be, yeah
You can not think what she can do in the sheets
I touch her body and it makes me believe, fantasy became realit
y, oh

My baby makes me feel like I've been livin' in a fairy tail
The way she dresses with that pony tail
I must've died, and gone to heaven. Help!
That sexy thing has got me in her spell
And I still can't believe that I've been sleeping with a fairy
tail

Damn! She got it! Oh! Oh! She got it!
Man! She got it! Watch! How she flaunt it!
Yeah! I want it! Oh! Oh! I want it!
'Cause damn! She got it! Oh! Oh! She got it!

My baby makes me feel like I've been livin' in a fairy tail
The way she dresses with that pony tail
I must've died, and gone to heaven, hell
That sexy thing has got me in her spell
And I just can't believe (like I've been livin' in a fairy tail
)
The way she dresses with that pony tail
I must've died, and gone to heaven, hell
That sexy thing has got me in her spell
And I still can't believe that I've been sleeping with a fairy
tail
