

Who Knows

James Maslow

Lying on my bed
Intertwined again
Fingers through your hair
Head is on my chest
Every time you'd come
I wonder where you've been
Wishing you would stay
Don't go

You said that I might be the one
But when morning comes you are gone
Just tell me if I did you wrong
Don't keep leading me on

How do you say that you love
Someone who tears out your heart?
Who knows
Who knows
He doesn't care for you much
Why can't I give you enough?
Who knows
Who knows

Bottles on the floor
One fight became a war
You don't understand
I'd die to see you more
Every time you leave
Choose him instead of me
You're lying to yourself
Stay please
Just tell me if I did you wrong
Don't keep leading me on

How do you say that you love
Someone who tears out your heart?
Who knows
Who knows
He doesn't care for you much
Why can't I give you enough?
Who knows
Who knows
...

Don't go
Don't ever let me go
Don't, don't you go
Don't ever let me go

How do you say that you love
Someone who tears out your heart?
Who knows
Who knows
He doesn't care for you much
Why can't I give you enough?
Who knows
Who knows

...

How do you say that you love
Someone who tears out your heart?
Who knows
Who knows
