

# Worship

James Maslow

I think that you're the dream I'm having tonight  
The way you sway your hips has captured my mind  
I'm done with [?] just give me the time  
Angel girl, lead me to the light  
'Cause everything you do

Worship you, your body  
Praying for more  
Testify, be naughty  
Knees on the floor  
Preach the truth, I want it  
Scream to the Lord  
Worship you, your body  
Let me worship you, ooh yeah

I question everything that I've ever seen  
I don't know how you do what you do to me  
I never prayed until you made me believe  
Angel girl, give it all to me  
'Cause everything you do

Worship you, your body  
Praying for more  
Testify, be naughty  
Knees on the floor  
Preach the truth, I want it  
Scream to the Lord  
Worship you, your body  
Let me worship you, ooh yeah

Ain't no other girl sexier than you  
Nothing but you, no one but you  
Angel, tell me what to do

Worship you, your body  
Praying for more  
Testify, be naughty  
Knees on the floor  
(Here we go, here we go)  
Preach the truth, I want it  
Scream to the Lord  
Worship you, your body  
Let me worship you, ooh yeah  
Ooh yeah  
Let me worship you
