

Big Things

James McMurtry

I've got big things to do
Too soon my life will be through
Got no time to stop and pick up your flowers
I've got catchin' up to do
Yes, I've got big things to do

Now I've got a song here to write
I stay up most every night
Creatin' with hope they'll live on forever
I've got the big things to do
Yes, I've got so much to do

Got no schoolin', I been foolin'
This is why I can't find a job
Now it's over, no time left
That's why I'm runnin' so hard

Now, I've got a story to tell
Gotta hurry, just ain't no time left
But the sun will shine bright someday
I've got mountains to cross
Not searchin' for time that I've lost
Yes, I've got big things to do
