

Demons

James Morrison

I close my eyes and talk to God
And pray that you can save my soul
I look to you to shine a light
Before the darkness takes a hold

I won't break
And I won't run
This time I won't be afraid ooohhh

I got demons
I got demons tryin'a get to me
But they'll never take me down
I'm only human
Underneath my skin the cuts run deep
I just need a little time to work em out
To work them out
I got Demons....

I can hear them now and then when I try to make a stand
They try their best to pull me under
That's when I reach for your hand

Never bow because we're all kings
We are rulers of our minds, yes we are
I know that there's an angel watching over me
I see your wings are open wide

I won't break
And I won't run
This time I won't be afraid ooohhh
We're only saved when we, come undone
It's just the way that we're made ooohhh

I got demons
I got demons tryin'a get to me
But they'll never take me down
I'm only human
Underneath my skin the cuts run deep
I just need a little time to work them out
I'm only human
I just need a little time to work them out
I got demons
I got demons
