

# Feels Like The First Time

James Morrison

I guess I fooled myself, thought I'd be okay  
It didn't take too long  
For me to see that we don't work that way  
'Cause our love is raw  
Yeah, we wear the scars  
Sometimes we get so close  
That we can't help but tear ourselves apart

I convince myself it's over now and it's the end  
But you know that I'll come back again

Every time that you hurt me so bad  
I tell myself I can't do it no more  
Each time is the last time, every time is the last time  
And I die when I try to walk away  
But you keep me coming back, coming back for more  
When you let me back inside, still feels like the first time  
And you, you do something to me  
And I swear, it still feels like the first time  
And you, you do something to me  
You got me on my knees, it still feels like the first time

We go round and round like a carousel  
You got me oh so dizzy  
That I can't tell if this is heaven or this is hell  
Yeah, your angel smile is a thin disguise  
You wear it well but I can see the devil in your eyes

I can't help myself, I'm going down, I'm falling in  
When you cast your spell, I'm back again

Every time that you hurt me so bad  
I tell myself I can't do it no more  
Each time is the last time, every time is the last time  
And I die when I try to walk away  
But you keep me coming back, coming back for more  
When you let me back inside, still feels like the first time  
And you, you do something to me  
And I swear, it still feels like the first time  
And you, you do something to me  
You got me on my knees, it still feels like the first time

Oh, don't leave me lonely  
Come on and help me  
Oh, you cast your spell, I'm back again

Every time that you hurt me so bad  
I tell myself I can't do it no more  
Each time is the last time, every time is the last time  
And I die when I try to walk away  
But you keep me coming back, coming back for more  
When you let me back inside, it still feels like the first time  
And you, you do something to me  
And I swear, it still feels like the first time  
And you, you do something to me  
You got me on my knees, it still feels like the first time

Well, baby, I can feel it  
Tell my you still feel it, baby  
Girl, you got me on my knees  
So tell me darling, please  
It still feels like the first time
