

Lonely People

James Morrison

When you feel alone and need someone
Do you think that you're the only one?
Do you? Do you?

When tears are falling in the dark
Do you listen to your beating heart?
Do you? Do you?

'Cause I see a space where we belong
All you have to do is turn around, turn around
'Cause I see a space where we belong
I see a space where we belong
I see a space where we belong
Do you know what I'm saying?

We're just lonely people, people, people
We're just lonely people, people, people
We're just lonely people, looking for somebody to love
Do you know what I'm saying?

We can be alone
We can be alone
We can be alone together

We can be alone
We can be alone
We can be alone together

Locked away and out of touch
Don't be scared to feel too much
Don't go, don't go
I can't watch you break and bend
Heartache's not the only friend
You know, you know

'Cause I see a space where we belong
All we have to do is turn around, turn around
'Cause I see a space where we belong
I see a space where we belong
I see a space where we belong
Do you know what I'm saying?

We're just lonely people, people, people
We're just lonely people, people, people
We're just lonely people
Looking for somebody to love
Do you know what I'm saying?

We can be alone
We can be alone
We can be alone together

We can be alone
We can be alone
We can be alone together

We're just lonely people

We're just lonely people
We're just lonely people
We're just lonely people

We're just lonely people, looking for somebody to love
And if you feel something, take it
Further, let's go deeper, it's only you and me here tonight
And there's a chance that we can make it

We're just lonely people, people, people
We're just lonely people, people, people
We're just lonely people
Looking for somebody to love
And if you feel something, take it

We can be alone together
