

Silver Lining

James Morrison

Lately I've been going through hell
Seems the more I tried to get out of it
The further that I fell
Something keeps me standing tall
When you live a life on better knees
Helps you rise above it all

Struggle through this life alone
People turn your heart to stone
But you still like the dark inside of me

I can't stop the world from turning
But you keep this fire burning
In dark times, you're my
Little peace of hope I needed
When the sky starts to fall, I feel it
In hard times, you're my, you're my
Silver lining
You're my silver lining, hey

You take me places I can't reach
Fly high above the atmosphere
The ground won't touch my feet
I feel myself about to fall apart
I can hear you calling me
I feel you in my heart

Struggle through this life alone
People turn your heart to stone
But you still like the dark inside of me

I can't stop the world from turning
But you keep this fire burning
In dark times, you're my
Little peace of hope I needed
When the sky starts to fall I feel it
In hard times, you're my, you're my
Silver lining
You're my silver lining, hey
You're my silver lining
Ain't gonna let you go
You're my silver lining, lining

When the sunlight starts to fade
Feel like I'm lost in outer space
You'll find me, my silver lining

I can't stop the world from turning
The fire burning
Dark times, you're my
Little peace of hope I needed
When the sky starts to fall I feel it
In hard times, you're my, you're my
Silver lining
You're my, you're my silver lining
You're my silver lining
You're my silver lining
