

Ain't Gonna Stop

James Otto

I got a blonde bombshell in my black Corvette
Burnin' down the rubber like a hot cigarette
Ain't found nothin' that will hold me yet
Feels a little better when I'm out on the edge
Like a Tarantino movie runnin' through my head
Ain't gonna sleep again until I'm dead, 'cause

I'm gonna fly just as high as I want to
I'm gonna roll like a river anywhere that I choose
Ain't nothin' gonna slow me down
And I ain't gonna stop till I drop

Push it to the limit take it to overload
Keep the party pumpin' everywhere that I go
Everybody's rockin' when they come to the Otto show
I don't need anybody tellin' me what to do
I've come a long, long way with this bad attitude
Wore a hole through the sole of my alligator boots

There's a mountain in my mind
That I know someday I'm gonna climb
So don't tell me, don't tell me not to try, 'cause

Ain't nothin' gonna slow me down
And I ain't gonna stop till I drop
Ain't nothin' gonna slow me down
And I ain't gonna stop till I drop
